## Proce Promised Safe Passage

Belle Glade produce haulers who want to move their trucks during the threatened truck strike set for May 13 have been guaranteed protection from Belle Glade to the terminal markets up north by Col. J.E. Beach, Director of the Florida Highway Patrol.

Beach made this promise for the first time in the state Tuesday night at a special meeting of the Florida Fruit and Vegetable Growers Association at the Belle Glade Elks Club. The meeting had been called for the specific purpose of discussing ways of combating the pending truckers strike.

During the last strike earlier in the growing season thousands of dollars worth of produce were left rotting in Belle Glade fields with no way to northern markets.

Beach said his Highway Patrol would take "firm, positive and immediate action against all violators of the law."

"We will assist the truckers that want to move," said Beach. "And we will provide them with an escort if necessary and requested."

Beach was asked from the floor if

there was any guarantee of protection beyond the Florida border.

"Yes," said Beach. "We have this pretty well worked out all the way to the terminal market."

According to Beach, any trucks that are abandoned or parked on the highway will be towed in by a wrecker, impounded and the driver still will be arrested. He will also be responsible for any wrecker fees involved.

"Additional troopers will be on duty in the necessary area," said Beach.

"Our six light aircraft will be on continuous surveillance."

Beach also said periodic checks of truck stops by uniformed members of the Florida Highway Patrol would be made to see that law and order were maintained. He promised no trucks would be kept from moving against their will.

"Members of the Florida Highway Patrol Headquarters Staff will be strategically positioned throughout the state," said Beach. "Inspector A.E. Redick will be the statewide

coordinator and may be contacted in Tallahassee in the daytime and weekdays.

"To expedite the investigation of complaints and requested assistance call the nearest Florida Highway Patrol Station."

"The Florida Highway Patrol will not take sides in this dispute with either management or any truckers, but will make every effort to maintain law and order and enforce the law fairly and impartially to all violators."

Bill Bemis, chairman of the Public Service Commission and the informal moderator for the meeting, thanked Beach for the way the Highway Patrol handled the last truckers' strike. He said this one would surely be handled just as efficiently and fairly.

Jimmy Wilson of Pioneer Growers asked Beach if he could do anything about truck stop owners who refused to sell gas to the produce haulers. Wilson contended it wasn't the produce haulers who wanted to strike, but many of them couldn't get gas for truck stop owners who were afraid of

reprisals by other truckers who favored the strike.

"We will protect them at truck stops," said Beach. "But we can't make the truck stops sell gas."

Bemis said this was an important point, however. He said he would contact the governor and see if these truck stops couldn't be warned ahead of the truck strike.

Charley Kelly, general manager of transportation for Seaboard Rail Road took a roasting from the growers.

Kelly was asked to explain what the growers had to guarantee the railroads for them to restore reasonable service to Florida. It had been pointed out earlier that the railroad had slipped from a high of 54 per cent of the business back in 1950 to only 10 per cent of the business today.

"I'm in business to make money," said Kelly. "As a regulated industry we have been totally unable to compete with the lower prices of the unregulated trucking industry."

"We need 150 per cent of the present

rate to be interested in produce hauling. We would like to ask you to guarantee us a certain percentage of your business, but we know you can't do that."

"Let's face facts," he said. "If the fuel crisis or the truck strike wipes out the trucking industry we won't be able to solve the problem immediately. You can't take a fleet of rolling stock that's geared to handle 10 per cent of the business and make it handle 40, 50 or even 60 per cent."

"If we ordered cars right now it would take two years to get them. The haulers are all backed up. We just have to use what we have in the best way possible."

John Thompson of Thompson Sales said he disagreed with Kelly's reasons for the railroads losing business.

"The railroads wouldn't keep schedules long before they started losing business to the unscheduled trucks," said Thompson. "I've seen many the time we've been promised third and fourth day delivery and gotten ninth day."

## Data On Sewer Eight Days Late

Belle Glade City Manager William Mallory said Wednesday the city's consulting engineers, Briley-Wild and Associates, delivered documents required by the county Tuesday night, eight days late.

Alfred Mueller Jr. of the Palm Beach County Health Department's Division of Environmental Sciences and Engineering said, "Some of the documents are what we wanted," but said he wasn't sure if it was complete.

"It's been logged in and will be analyzed either Friday or Monday," Mueller said. "We haven't had a chance to really go over the material we've already received."

Mueller's office had received some of the material Division Director Frank J. Gargiulo said on April 25 would be needed to determine whether the city would receive operating and construction permits for the modified city sewage treatment plant.

Briley-Wild engineer A.J. Birchall was directed by Mallory to have the documents reviewed in Gargiulo's office by April 25 and hand carry it if necessary.

Mallory called a special city commission meeting Monday when he found Gargiulo's office still hadn't received the complete documentation. He said he called the meeting to let the commissioners know the situation.

Mayor Aubrey Farmer commented this wasn't the first time Briley-Wild had failed to live up to schedules and several commissioners talked about the possibility of looking for a new consulting engineering firm.

Mallory was finally directed to hand-deliver a copy of the documentation, delivered by a parcel service to the city, to Gargiulo Tuesday morning if necessary since the approval of the sewerage plant is considered critical.

Until the approvals are received, the city is still bound by a moratorium on placing new units of the city's sewage treatment plant.

According to the schedule set in the May 25 meeting, Warner G. Strahm, regional administrator of the Southeast State Office of Pollution Control said he would let the city know if it had the documentation for the two permits by May 15, the date of the city commission's next meeting.

That schedule is obviously out the window at this time, since Mueller said the county agency wouldn't analyze the documentation until after Friday or Monday.

## Streets Going Unpaved

The apparently perennial topics of sewage and streets provided the action again Tuesday night at the South Bay City Commission meeting as a number of city residents sounded off.

The big topic of the night was how and when the city commission expects to pave three streets which residents have already been assessed \$250 per home to have paved once the sewer was in.

A total of \$6,931 was collected by the city from new residents to Junior Avenue and west Sixth Street and placed in an escrow account to pay for paving the roads.

A bid by Gold Coast Paving Co. of Belle Glade in December 1973 to pave the two streets had a price tag of \$17,147 and the commissioners decided to hold off on any action at that time, although they accepted a bid to pave, repair and widen Northwest 12th Street.

Residents of the development, said Tuesday night they already waited for two years for the streets to be paved and Commissioners said they hoped to have the paving done before another two years are gone.

Mayor Vernon Cox said the city is now attempting to get "rock and use a recently purchased road grader to surface and repair the streets, but no one seemed to have any idea how long it will be before the streets are blacktopped."

Some of the residents at the meeting suggested the reason the streets haven't been paved is because of racial discrimination given them such low priority.

Commissioner Esther Berry said the entire commission is attempting to solve the problem of how to get enough money to pave the streets.

She said the problem has been building up for years and the fact there are now two black commissioners, herself and Mrs. Cox, on the city board doesn't mean the problems can be solved in two years or ten.

The commission also received several complaints about sewage rates and service.

Most of the complaints came from voters who said they were being unfairly assessed when billed 115 per cent of their water bills or less.

## Glades General Accredited

Glades General Hospital received this week some news worth celebrating with National Hospital Week next week, its fourth consecutive full two-year accreditation.

Hospital Administrator Ben Clarke said the hospital earned the maximum possible accreditation from the Joint Commission of Accredited Hospitals on the eve of National Hospital Week.

"Accreditation," Clarke said, "means the hospital is always working to provide the best possible patient care in a safe and environmentally secure surrounding."

He stressed the fact the accreditation is strictly voluntary, that the hospital isn't compelled by any law to be surveyed or "to hand out our wash for all to see."

He said the accreditation means the physical plant is surveyed for its safety and patient protection and certain construction requirements.

"It means," Clarke said, "that certain principles of organization and management are being applied for the effective and efficient rendering of care and services."

"In spite of what a handful of would-be detractors say," he said, "we do have an excellent small hospital with an excellent staff, the finest facility and personnel I have ever had the pleasure to be associated with."

## Mother Of The Year

Mrs. Wilma Scruggs of 765 South Main St. won the Annual Mother of the Year contest sponsored by the Herald this week. Mrs. Scruggs won the contest on the strength of a letter from her daughter, Tammy, shown at her side. Nine-year old Tammy was judged to have written the best letter of an estimated 200 entries mailed in by children from a number of schools in the area. Tammy proved herself a cool character when informed she had submitted the winning letter, remarked, "Oh, okay." Many of the letters entered in the contest can be found in the special Mother's Day section of today's Herald.

## Sugar League Awards Grant

The Florida Sugar Cane League awarded this week a \$23,500 research grant to the University of Florida's Agricultural Research and Education Center at Belle Glade.

The grant is part of an ongoing program to help underwrite research in all facets of the sugar industry according to league vice president and general manager Nelson Fairbanks.

The funds were funneled through the university's Institute of Food and Agricultural Sciences, which has jurisdiction over the local center.

"We make regular donations," Fairbanks said, "to the AREC, the research facility at Canal Point and the Belle Glade Experiment Station."

Center Director Dr. Dan W. Beardsley, said the research being funded will include additional work on sugar cane breeding and selection, weed control and sucrose enhancement, sugar cane fertility and cold physiology and nematode and wireworm control.

Beardsley said the breeding and selection work is a cooperative effort with the Canal Point facility operated by the U.S. Department of Agriculture.

He said this research is a part of a long-term program to increase sugar production by developing superior varieties.

Such experimental varieties are being evaluated for tons of cane per acre, tons of sugar per acre, fiber content, erectness, disease and insect resistance, cold tolerance, brittleness, stubbing ability and suitability to mechanical harvesting.

This research is being supervised by Ray Walker, research associate at the center.

"Controlling weeds in sugar cane has always been a major problem for the industry," Beardsley said, "and research is being aimed at finding herbicides that will do the job without harming adjacent vegetable crops."

"Research on sucrose enhancement is aimed at inducing early maturity and consequent higher sugar content through the use of chemicals."

Dr. Joseph Orsenigo is directing this research effort. Once more is learned about the requirements of sugar cane, production can be increased substantially, Beardsley said.

He noted several improvements have been made during the past five years and further refinements are needed, especially for nutrition of sugar cane in poor-producing organic and infertile sandy soils where acreage is being expanded.

Research in sugar cane cold physiology has emphasized the detrimental effects of cold at planting and new varieties are being evaluated for their keeping quality following freezes.

This phase of the sugar cane research program is being headed by Dr. Gary J. Gascho, an associate professor at the center.

Beardsley said the wireworm is one of the major sugar cane pests and preliminary research indicates a bait impregnated with insecticide may help control wireworm in stubble crops.

Nematodes are also responsible for damage to the crop, but there is no accurate estimate as to how serious this pest really is.

He said research has shown the pest can be controlled with some degree of success with chemicals or by flooding the fields.

Professor William Genung and Dr. John Hoffman, associate professor, are working on this research in cooperation with Harry Samol, an entomologist with the Florida Sugar Cane League.

Although this wasn't a record year for production, "Although this wasn't a record year for production," Beardsley said, "the increase in the price of sugar due to increased world demand has more than compensated the industry for its loss in production due to the fairly severe freezes."

## Find Someone

For several months now, the city has been making modifications to the city sewage treatment plant in an effort to raise the moratorium on adding new units to the system.

There have been a number of delays, some of which have made the city look pretty bad in the eyes of the people it has to satisfy, namely the Palm Beach County Pollution Control Board and the state Department of Environmental Pollution Control.

Those parties have added their own confusion to the controversy too, but the latest delay is unclear. The city has met all the demands made on it by the two pollution control agencies, even surpassed them to the point that, at least until now, no effluent has been released anywhere.

So, during a meeting on April 25, the pollution control agency at the county level asked for certain documentation and Brily-Wild and Associates, the city's consulting engineers promised they would have it by April 29, a week ago Monday.

During a special city commission meeting this Monday, May 6, City Manager William Mallory told the commission Brily-Wild had finally gotten the information to the county Friday.

And even that was incomplete. Mallory didn't make any recommendations. He didn't have to. All he said was that he wanted to let the commissioners know where the city now stands.

The obvious conclusion was that Brily-Wild wasn't doing its job, and Mayor Aubrey Farmer pointed out they had fallen down several times in the past.

The solution is just as obvious. This is a critical situation for the city and if one firm isn't doing the job, find out why. If they can't do the job, find someone who can.

## Someone Special

We have devoted a large segment of our newspaper today to Mother's Day.

We would like to congratulate nine-year-old Tammy Scruggs for winning our competition. It came down to choice between her letter and a very nice letter written by Cheryl Brown. But since Miss Brown was three years older than Tammy we felt she should be the winner.

Now—a little quick quiz.  
 How many of you know how Mother's Day started? Do you know what church originated the idea. Do you know who is credited with getting it started? Or do you know the difference between wearing a red rose and a white carnation on Mother's Day and how the difference got started?

We hope you are all taking notes, because there is going to be a short quiz next period!

Actually it was a Miss Anna M. Jarvis of Philadelphia who got the ball rolling way back in May of 1907. She persuaded the church she attended to set aside one Sunday for special services honoring mothers. Everyone was asked to wear a white carnation.

The idea caught on and by the following year several churches around the area took up the idea. It seemed Mom was a pretty special someone to a whole lot of people, so by 1911 every state in the union had some kind of a Mother's Day celebration. Miss Jarvis' lifelong dedication to giving something special started for mothers paid off handsomely.

The white carnation versus the red or pink rose came in honor of President William McKinley who had been assassinated in 1901. He always wore a white carnation which was his mother's favorite flower.

So the tradition started that you wore a white carnation on Mother's Day if your mother had passed away and a red rose if she was still alive.

And while an American is given the credit for starting Mother's Day as we now know it, the honoring of mothers goes way back into ancient times. The oldest observance is found in the religion of India and the Durga Puja. It was the honor of the divine mother.

And after all— isn't your mother just divine?

## How Sweet It Is

## Horse Owners Of The World, Unite!

Dear Sir,

For sometime now horse owners in this area have been plagued by unexplainable incidents that have occurred with their animals and riding equipment. For example, that registered mare found wandering in the middle of the night

## \$343 Sewage Bill Decried

Cont. from page 1  
 minimums of \$4 monthly. Lawrence Opps, owner of a 40 unit apartment building, made a special complaint over his first month's sewage bill of more than \$343.

He said he felt the assessment of \$4.115 per unit is too high and, at the commission's suggestion, decided to supply individual water meters to the building instead of the one water meter now in use.

City Clerk Virginia Walker pointed out to the commissioners and the complainants the rates for sewage has been set by the city ordinance financing the sewer project and can only be changed with the approval of Farm Home Administration. In other business:

City Clerk Virginia Walker, back on duty following a recent hospital stay, advised the commission they should start

on a main highway, stolen riding equipment found weeks later, in a sorry condition on a horse taken from a private pasture miles away, the very sad case of a poor beast found in a remote area, staked-out without food or water.

Clip-jobs and tail bobs that were given without authorization of the animal's owner and

a list that continues ad nauseum.

However horse owners take heart - last weekend a concerned citizen reported an eye witness account of trespassing and use of privately owned riding equipment on private stable property. This unfortunate case occurred in daylight performed by a group of youngsters who certainly had no permission for this type of behavior. This is the second reported happening of this nature.

Now that some concrete basis has been formed for taking action, I urge that a careful watch be taken. The proper authorities have been given a full report and have begun careful vigilance. This is being done on a city and county level. Please do not hesitate to file a complaint with our law enforcement officers, they can only help if they realize this problem exists.

It is hoped that parents and concerned adults will care enough about the safety and welfare of their youngsters to assist in this problem. Such behavior and lack of respect for others privacy and property is dangerous and punishable by law.

## Wait'll Next Year? This Is It!

Wait'll next year, they said, and brother, I got a glimpse of next year this week.

Went over to Glades Central Monday to get a gander at what will eventually be the 1974 version of the Maroon Machine. Looks like the Raiders could be quite impressive...at least if the first day of spring drills are any indication.

And if you can trust the judgment of an admitted non-expert.

As I walked onto the field, the varsity candidates had just been turned loose by head Raider Al Werneke to do a lap around the field before forming into groups according to their ( hoped for ) positions.

There must have been 85 to 90 young athletes doing their turn around the field and most of them looked like pretty fair football material.

To tell the truth, this was the first time I've ever seen a team on the first day of spring drills and I didn't think they'd be doing anything but exercises.

Some of those exercises made me tired just to look at them...like that weird duck waddle they do on all fours, but with their backs down, not up.

That's like Brylcreem. A little dab'll do ya.

I don't think even I'll stand on my record the only thing athletic about me are my feet.

I didn't get a chance to talk to Big Al, so I don't know what he'll have to say about the Raider's chances for the coming season, but then, head coaches hardly ever give out what they really think anyway.

I don't think even a preacher can out-poormouth a football coach when it comes to making a forecast for his team.

Remember Bear Bryant talking about those "skinny little kids" of his, just before they clobbered Nebraska for the

second year in a row to win the national championship?

At any rate, Paul Dee seemed pretty satisfied with the potential material.

Mater fact, he'll probably deny it but he made some comment about playing 13 games this year.

That was just before he reverted to type and said the Raiders would have to play the games one at a time and they're not looking past Atlantic, the first team on the schedule, yet.

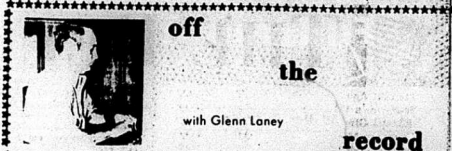

Atlantic. That ought to bring up some memories for those of us who went over for the season's opener last year.

Atlantic equals misery. That's what I remember...and what I'd like to forget.

Big, fat drops of rain beginning to fall just at the kickoff and a rain so hard I was looking around for a funny-shaped boat boarding animals two by two.

And the Eagle offensive picking apart a green Raider defensive unit, not to mention an Eagle defense stopping a green Raider offensive 11 cold.

But that was last year. It's part of the record books and this year, I hear it's Atlantic, which graduated a passel of senior players, that would like to get off the hook.

We got some good news in the mail the other day.

For the second year in a row The Belle Glade Herald has won awards in the statewide contest. Judges are from out of state so that no favorites are played.

Newspapers are judged in their respective categories. Last year we were judged in the under 3,000 category since our circulation for most of the judging year, 1972, was under 3,000.

But just after the middle of 1972 we went past the 3,000 circulation mark. So this meant this year we were judged in the over 3,000 category—a whole nother ball game. This put us in the big leagues so to speak, of weekly newspapers.

We were still able to walk away with three awards—for typography, one for best news photo and one for in depth reporting. Last year we won four awards.

We took a first place in sports writing, a second place in general excellence, a third place in best advertising promotion and an honorable mention for best special issue.

While we only got three awards this year as compared to four last year, when you take into consideration the competition we are up against this year we feel pretty good about it down here at The Herald.

We won't know what places we finished in until the Florida Press Association meeting in Tallahassee next weekend. Our best news picture was the mosquito plane that crashed into the canal at the Belle Glade Airport. Best in depth reporting came on our coverage of State Rd. 80.

While the stiff competition almost rules out a first place in any of the three areas, we can still hope. We'll tell you all about it when we get back from the state capital.

George Oster, Alfredo Perez and myself were busy around solving the world's problems the other day. Alfredo was up on his soapbox as usual telling us how much what is

The Emperor Caligula who ruled ancient Rome from 37 to 41 A.D. gave his favorite horse the rank of consul and co-regent, and kept him in an ivory stall where he drank the finest wine from a golden goblet, and was attended by his own slaves!

Speaking of jocks, it's amazing what talent you can find around the newspaper office. Our resident jock is Karen Hansford. You know, the author of Karen's Korner.

Well, Karen has been getting hot to trot to pit her softball skills against the competition in the Women's Softball League but I saw a demonstration in the office Monday which might argue against such a course.

Karen can sign her name with her toes.

Now, with a skill like that, playing softball is something like Van Cliburn taking karate lessons.

Of course, this revelation didn't just come out of the blue, nor was Of Twinkle Toes Hansford aware of it until I forced the issue.

There she was, propping her feet up on my desk. But just propping her feet on a desk isn't good enough for Karen. Nope, she has to do it barefooted, and play with a can of developer with her toes.

That's when I got the idea. I figured she could manipulate a can like that, she could sign her name.

If she can sign her name, it only follows she can do any number of things like re-writing the Declaration of Independence (or is it "the Gettysburg Address) on the head of a pin.

I could be her manager, of course, raking a flat 40 per cent off the top, of course (isn't that what managers are getting nowadays?)

Too bad Ed Sullivan isn't on television any more. Why, we could make a million dollars.

Now, if I can only persuade Karen not to risk that 85 pounds of talent on the softball diamond and put it to a more constructive use.

## Stokes Rites Held

Funeral services were held May 4 for Wilma Jackie Stokes at Patton Funeral Home Chapel in Clewiston. The Rev. Derryberry officiated at the chapel service and for burial in Ridgewood Cemetery in Lewiston.

Mrs. Stokes, 24, died suddenly on May 1. She was a native of Lake City, S.C. a former resident of Belle Glade and was residing at 320 N. Hart St. in Orlando at the time of her death.

She is survived by her husband, Lamar Stokes of West Memphis, Ark.; her parents, Mr. and Mrs. James T. Jones of Belle Glade; three sisters, Peggy Wright of Orlando, Linda Sullivan and Sharon Jones, both of Belle Glade. She is also survived by John Thomas Jones of Belle Glade.

Funeral services were O.A. Coats, Jessie Coats, George Battle, Joe Elder, E.T. Bartlett Jr. and R.B. Cochran.

## Pharmacists Attend Meeting

Two Belle Glade pharmacists were among those attending a consultant pharmacist conference recently at St. Petersburg.

Pharmacists D.E. "Danny" Wallis and W.A. "Doug" Wooten took part in the conference, which dealt primarily with small hospitals and nursing homes. The conference took place April 29-31.

## Award Presented

The 1974 dealership technician performance award certificate was presented to John Medley, at Watson Ford, by Ray Alston, Service manager. This award is presented for accomplishment in the 1974 certified training program. In addition to his certificate, Medley received a plaque to be attached to his toolbox and a gift certificate. Mr. Medley has worked as a mechanic at Watson Ford since 1959 and has been a Ford training schools and is a certified technician in all types of automobile repair and service.

Dere Glenn:

Whadda 'ya mean I'm not eligible to enter the Mother of the Year Contest? Just because she works for the newspaper?

What the heck, I work for the newspaper too and that's no excuse.

I got the greatest Mom in the world and if you don't believe me, just lamp that picture in front of me.

I gotta admit, though. That was a pretty good letter Tammy Scruggs wrote.

Said a lot, didn't it?

For a nine-year old girl, those were pretty good reasons why Mrs. Scruggs should get the title. Matter of fact, we had a lot of good letters from kids who felt just the same way Tammy and I felt.

We've all got a lot to be grateful for and I guess that's what Mother's Day is all about. Guess that's what the Herald's contest was all about too, huh.

Oh, well, if I can't write a letter why I think my mom ought to be Mother of the Year, I'll just take this felt marker and write something else...maybe on the desk top.

## Cunningham Announces Engagement

Mr. and Mrs. James Roger Cunningham Sr. of 226 Royal Palm Dr., in Belle Glade announced this week the engagement of their daughter, Cynthia Denise Cunningham, to Kenneth Wayne Lassiter.

Lassiter makes his home at 1108 W. Canal St. and is the son of Mr. and Mrs. Foster Lassiter of 1151 E. Main St. in Pahokee.

The wedding is due to take place at 7 p.m. June 7 at the First Baptist Church of Belle Glade.

The bride-elect was graduated from Christian Day School in 1972. She is a baton teacher in Moore Haven and has attended Palm Beach Junior College.

Lassiter is a 1969 graduate of Pahokee High School. He attended Southwest Baptist College in Beltsville, Md., graduating in 1973 with a degree in physical education. He is now coach and athletic director at Christian Day School.

Invitations will not be sent but all friends and relatives of the couple are invited.

## First Grades See Dental Program.

Mu Upsilon's major service project for the 1973-74 year was held in local schools during National Dental Health Week. Drawing on her experience as a dental hygienist, service chairman Mary Dexter developed a program suitable for first graders.

On three successive afternoons, Mrs. Dexter and her assistants visited Miss Spot's and Mrs. Franklin's rooms at the Christian Day School; Miss Nowak's room at St. Peter's

Lutheran School; and Mrs. Norma Franklin is a member of Mu Upsilon. The school children saw

SCRUBBA, SCRUBBA, SCRUBBA IS LESSON ...Mu Upsilon member Mary Dexter makes to children

pictures of the basic food groups which are essential to good health. They are the dairy group - milk, ice cream, custard pudding; the fruit and vegetable group for vitamins A and C; the bread group; and the protein group - eggs, meat, cheese, legumes.

Using a flannel board, Mrs. Dexter demonstrated good dental health to the children. A healthy tooth chews snacks of apples, pears, celery and carrots.

An unhealthy tooth gets a cavity from too many snacks of cake, candy and cookies. Each child should have two toothbrushes so he has a dry one for morning and one for evening, even if he can't brush after every meal.

A fluoride toothpaste and 3 or 4 glasses of fluoridated drinking water per day are recommended. See your dentist at least twice a year for checkups.

Mrs. Dexter showed the first graders a plastic model of adult teeth, so with an over-sized toothbrush, she could demonstrate proper brushing to insure thorough care of all biting, cutting and grinding tooth surfaces.

Each child had the opportunity to practice brushing with the model while Mrs. Dexter answered some of the children's questions or heard some of their "tooth experiences."

At the end of the program, Mu Upsilon had expected to give a new toothbrush to each child; however, preplanning disclosed that many children now use electric toothbrushes.

Assistants Cheryl Henderson, Carol Zumpf, and Paty Varnell substituted a pack of sugarless gum as a treat.

Approximately 73 children were involved in this program and even the teachers seemed to enjoy it. Mu Upsilon certainly enjoyed presenting it.

SILENT AMERICA

Why is it we never hear from the silent majority? It seems we only hear or read about 2% of our population. What about the 98% of good, hard working Americans who go day in and day out working for the law, working to make this country a better place in which to live, providing for their families, enjoying themselves and in general being good citizens. Have you ever wondered why it seems that about the only ones we can read or hear or see regarding the other 98% maybe, it's the old adage—"Bad news travels fast, good news doesn't travel at all." Don't you think it's high time that publishing the 98% of our population and the good and wonderful things that this majority is doing and show the rest of the world what America is really and truly like, instead of allowing the small 2% of our country to give a very distorted view to everyone in the world?

# DURALITE

## FOR MASONRY

Seals, protects and gives beautiful color to all masonry surfaces, such as brick, cement block, stucco and asbestos siding. DURALITE ACRYLIC HOUSE PAINT produces a "breathing" type film which allows moisture within the substrate to escape in the form of vapor while protecting the surface from water from the outside.

## ... AND WOOD

DURALITE ACRYLIC HOUSE PAINT flows on so easily to provide a blister-resistant low sheen finish for all wood siding, trim, shakes and paneling. It dries within an hour, greatly reducing the chances of dust or insects sticking to the surface. Whites stay white, colors stay bright, your home stays beautiful year after year.

Also available in WHITE A-161-00 and BLACK A-161-01

DESFILE DE GRADUADOS

Hey traemos dos nuevos graduados a nuestra columna latina. Queremos felicitarlos sinceramente al igual que a sus padres, por el éxito logrado.

El proximo 10 de Mayo cumple 9 años el inteligente niño Juan Armas Garcia hijo de Juan Armas y Mireyita Garcia de Armas. Por este motivo queremos desearles muchas felicidades, tanto a el como a sus padres y que siga cumpliendo muchos años mas.

Cumpli 18 años el pasado 6 de Mayo el joven Rodolfo Vidal hijo de Rodolfo Vidal y Carmita Gonzalez de Vidal. Muchas felicidades. Rody.

Tambien queremos felicitar muy especialmente a dos amigas muy queridas de Belle Glade, las Sras. Luistita Blanchard y Mireyita Armas que tambien cumplen años en este mes de Mayo.

Son ellos: Ibrahim Alava Barredo, presidente del conde-lio de estudiantes, graduado del Glades Central High School, hijo del Sr. Ibrahim Alava y Sra. Enriqueta Barredo de Alava; ambos vecinos de Belle Glade. Tambien a Griel Barbara Perez Sardinas, miembro de la banda del colegio y graduada tambien del Glades Central High School, hija a su vez del Sr. Armando Perez y Sra. Carmen Sardinas de Perez, ambos vecinos tambien de la localidad.

## DIA DE LAS MADRES

A traves de este diario, enviamos a todas las madres nuestras mas sinceras felicitaciones, y a la vez nuestra gratitud por lo que ellas significan para sus hijos y en tantas ocasiones para aquellos que no lo son, pero que reciben de ellas el cariño y el cuidado en momentos especiales.

En este mundo que Dios creo, las madres tienen el ministerio no solamente de cuidar físicamente y dar al hijo lo necesario para vivir materialmente, son ellas las llamadas a cuidar en sus

primeras experiencias espirituales, a enseñarles a rezar u orar; los principios eticos son ellas las que tienen que vivirlos para de esa forma influenciar las vidas de los pequeños; la moral es vivida y enseñada por ellas; la pulcritud, el orden, estas y otras muchas enseñanzas y principios entran en el ministerio de ser madre.

En el hogar, ella es la que pasa el mayor tiempo con sus hijos. Ella es la que ayuda a formar los caracteres, y hacer del hogar el sitio donde los hijos quieran vivir, y luego en la vida formar ellos un hogar como en el que ellos crecieron. Nuestras vidas dependen en un gran porcentaje en nuestras

madres. En lo que ellas son, en lo que ellas nos dieron. Hoy en que estamos a pocos dias de la celebración de este día tan especial, damos a ellas nuestra gratitud, y por las que ya no estan con nosotros, damos a Dios gracias, porque supieron cumplir en su mayoría, este llamado de Dios a la maternidad, dejando a un lado muchas veces sus intereses para servir los de sus hijos; dejando horas de sueño, para cuidar del enfermo, y riendo muchas veces con las "gracias", que sus hijos tenían para ellas. UN FELICISIMO DIA DE LAS MADRES.

## ESTIMADOS LECTORES

Estamos en una epoca del año, donde muchas cosas pasan. Por ejemplo muchos de los jóvenes se estan graduando; otros de sus hijos estan a punto de tomar su Primera Comunión; muchos de ustedes saldrán de vacaciones; quizás sus clubes o Iglesias estan planeando actividades especiales, etc.

Nosotros quisieramos servirles y ayudarles a que otros se goeen con ustedes en los exitos de sus hijos, o en las oportunidades que para usted y su familia les provee el verano.

## King And Queen Of Mayday Preside

Taking their rightful places on their thrones, the King and Queen of May presided over Mayday festivities Friday morning at Belle Glade Elementary School. The Queen of May was Jackie Battle and the King of May was Edwin Coffie, both fourth graders who watched with interest as the school playground became the scene of about 15 events including everything from the tumbling shown here to dancing of several kinds and singing.

## GDS Earns Honors

Last weekend was one to be remembered by Glades Day School as students walked away from three different district and state gatherings with honors. While the school's baseball team was clinching the District VII championship (see the sports page for details), the Beta Club carried away the state presidency and the school band won an excellent rating in St. Petersburg. David Harold "Hal" Unwin of Pahokee left the state Beta Club Convention in Clearwater as the state president, being elected and installed over the weekend. School Club sponsor Cathy Battle said Unwin served as freshman and sophomore Beta president and this year was the historian for the club. Next

year, he will be club president. She said he has also served on the school's annual staff as a photographer and is a member of the school's Smithsonian Institution Association. Miss Battle said a total of 24 Glades Day students and four chaperones went along to the convention. In the meantime, the school entered its first state band competition, held in St. Petersburg and school band director Fred Stevens said the school won an "Excellent" rating its first time out. The band earned the rating, however, without the aid of Stevens, who was left at home, sick, while substitute Paul Chaffin led the group to its award. "We were the only private school at the state competition," Stevens said, adding the school won the title in Class C.

## High School Voters To Be Registered

Registration voters at Glades Central High School will be registered today by members of the League of Women Voters of the West Palm Beach area in conjunction with an effort in a number of county schools. Mrs. Cecil Mallory will supervise the registration efforts at Glades Central, beginning at 10 a.m. and winding up at 2 p.m. in an attempt to qualify 18-20 year olds to take part in the democratic process. Mrs. Mallory said the league registered 45-50 voters last year in a similar effort, "and we hope to get another good response this year." Members of the league will be registering young voters in 11 schools throughout the county today.

## Students To Attend Olympics

A group of about 25 students at the West Area Exceptional Education Center at Gove Elementary School will travel to Gainesville to participate in a statewide special olympics June 15. Miss Kathy Mangum, the center's physical education instructor and coach of the children who have already participated in the county and district meets, both held in Lake Worth, said she still isn't sure how many will be able to make the trip. Miss Mangum said a number of people have donated their time and money to make sure the Glades center students have had a chance to complete in the games. The

Belle Glade Junior Woman's Club provided the \$3 entry fee for the children about 60 in all, which pays for their entry in all three of the meets. Dr. Kelly O'Neal and Mrs. Betty Ringland, R.N., provided the necessary physical examinations and employees of Community Action Migrant Program provided the transportation to the first two meets. Miss Mangum said three other teachers at the center, Miss Glenda Hawkins, Mrs. Mary Leigh Wall and Mrs. Peggy Snader, went with her and the children to act as chaperones for the first two meets.

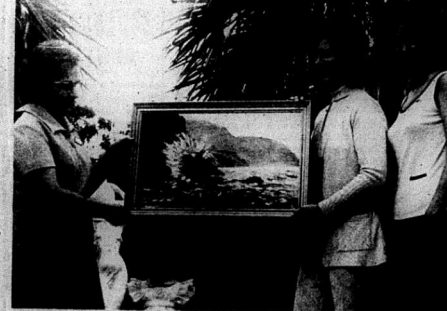

## Scouts Eye Exposition

A number of meetings, headed by the 1974 Scout Exposition in West Palm Beach, highlight the month of May for Glades District Scouters. The exposition, to be held May 10-11 at the West Palm beach, highlights the month of May for Glades District Scouters.

"We're looking for good participation from the Glades District," District Executive Earl Hartman said, "which was the top district overall in '73 at Expo." "Leaders," he said, "this is where boys, parents, friends and relatives see Scouting in action. Let's have a big turnout and make those ticket sales count. We'll see you there."

Other meetings will include a District Committee meeting at 7:30 a.m. May 16 at Community United Methodist Church. On May 23, there will be a Council Annual Planning Meeting and all district chairmen and council executive board members will be expected to attend.

Cub Scout and Scout Leaders Roundtables will be held at 7:30 a.m. May 28 at Community United Methodist Church, which will highlight the summer program and District Day Camp.

## House And Garden Tour Is Given By Auxiliary

The Glades Auxiliary of the Children's Home Society presented a House and Garden Tour Sunday afternoon, May 6. The tour was enjoyed by more than 70 local residents and some from West Palm Beach.

The Auxiliary extends a very special thank you to Mr. and Mrs. Dudley Barnes, Mr. and

Mrs. Milton Carpenter, Mr. and Mrs. Alvaro Sanchez, and M. and Mrs. Don Fliehs for opening their beautiful homes and gardens to us. In addition to being such gracious hostesses, Mrs. Sanchez and Mrs. Fliehs served refreshments to the touring groups, while Mr. and Mrs. Carpenter presented Vanda

orchids to all the ladies who visited their Japanese gardens.

At the end of the tour a drawing was held. The prize was an original painting entitled "Be painted and donated" by Jeanette Cameron. The winner was Mrs. Ethel Bair.

## Carpenter Attends State Conference

A local insurance agent is attending a two-day Governor's Conference for Small Business in Tallahassee.

Milton Carpenter, owner of Belle Glade, left Wednesday for the conference, which is scheduled to wind up today. He said he also intends to talk to state representatives and senators while in Tallahassee.

A spokesman for the state Department of Commerce said he believes the conference "will be a significant step toward establishing greater familiarity on the part of state government with the problems and needs of small business throughout the state."

He said Gov. Reubin Askew has said not enough attention has been focused upon the needs of small business heretofore.

Carpenter said he intends to talk to state legislators concerning consolidation of government and the press of legislation on small businessmen.

"We're losing control of our government," he said. "We're losing our municipal courts and I feel this is a step in the wrong direction."

"I may be a voice crying in the wilderness," Carpenter said, "but I think there are quite a few people who feel the same way I do, particularly in the Glades."

He said another thing that bothers him, which he intends to discuss with state legislators, is the large amount of legislation being written concerning small businesses to

"The legislature is regulating small businesses to the extent it's becoming almost impossible to operate," he said. "The

sheer weight of paperwork is becoming burdensome and onerous. We're being legislated to death."

Carpenter said there is now in the works, operating under the state Department of Commerce an Office of Small Business Enterprises with a proposed funding of \$136,000 for its first year of operation. He said the idea is to provide

businesses with 20 or fewer employees with management training, business counseling, legal and other related services.

Carpenter flew to Tallahassee yesterday with Dr. Clarence Kidder of Belle Glade in Kidder's private plane while Kidder went on to Auburn University to visit his daughter, Janice.

## Trouble Shooting Competition Being Held

Two Glades Central High School seniors will be participating today in the annual Plymouth Trouble Shooting contest in Fort Lauderdale, vying against auto mechanics from 15 other South Florida high schools. The two contestants from the local school are Philip L. Kirchman, 17, the son of Mr.

and Mrs. A.H. Kirchman of 659 S.E. Third St. and Carl Maude Vereen of 512 S.W. Ninth St.

Auto Mechanics instructor Kenneth Bowermeister said he has high hopes for the two seniors this year since he now has a better idea of what the students will be tested on.

He said mechanics will "bug" Plymouth engines and Vereen and Kirchman, sponsored by Frank Green Chrysler-Plymouth Motors, will have to find the trouble and correct it.

Bowermeister said last year was his first experience in the annual "Road Scholars" competition and he had no idea at that time what type of tests or bugs would be used.

He said he has been working with Kirchman and Vereen at night to get them ready for Fort Lauderdale.

"Whether they win or not," Bowermeister said, "this will be good experience for the two boys, and I think we stand a good chance of placing pretty high."

"I gave the boys a test of 30 questions the other night, based on what was asked last year," he said, "and they got all but six of them right."

Both Kirchman, whose father owns a local service station, and Vereen, said they intend to find work in auto mechanics following graduation. Vereen said he is now interested in enlisting in the Army and getting assigned to the motor pool.

Bowermeister said all of the seniors taking part in the program last year are now involved in mechanical work, many of them in the Belle Glade area.

He said next year's curriculum will be expanded to include fork lift repair.

Should the two seniors come in first at their intended competition, they will receive an all-expense paid trip to the national finals to be held in Dallas, Tex. June 16-18.

In addition to the trip, prizes and awards in the National Finals are worth more than \$90,000 in college scholarships and other prizes for the

e nationals, each of which first-place team will win a \$2,500 scholarship, running up a total of \$37,000 in scholarships.

## Raiders Begin Spring Football Practice

No, it isn't really a ballet class. The football helmets prove that. What it is, is football. The 1974 version of the Glades Central Raiders, or at least the candidates for next year's team, began spring practice Monday. The boys moving so gracefully in the picture above are defensive secondary candidates being put through their paces by coach Willie McDonald. At right, head football coach Al Werneke shows the prospective quarterbacks how it's done with a flick of the wrist and below, the horses up front get in a little line practice.

Looks like we may have some future major leaguers out at the Little League-Jaycee ball park.

Last Wednesday night I got off from work a little earlier than usual for a change so I decided to mosey on down to the ball park and see what was happening with the Little League baseball teams, or Pony League, or Farm League, whichever one was playing baseball that night. Come to find out it was the Pony League, with the teams A. Duda and Sons and Elks.

As I parked the car beside Duda's dugout the first thing noticeable was a great big German Shepherd wearing a green jersey with the team's name on it. Everyone got a kick out of that. What was even funnier, the dog didn't give a care about the game, he just found a spot away from all the noise and chatter (which was pretty hard to do) and took a little nap, or at least tried to.

He had a couple of interruptions such as the time one of the players got a little excited - to put it mildly - and swung a bat to the ground. Only trouble was he hit the dog instead of the dirt. But it was nothing really serious and both dog and boy calmed down after a few seconds.

Well, back to the game. As I said before, some of these guys are really

good. One who stood out in particular was the pitcher for the Elks. That kid is built big but he is also solid with a capital S. Besides hurling those balls past the opposing batters, he also knocked in three home runs in one game. Oddly enough, both teams played to a tie. But due to the late hour, they will play the whole game over again at another time.

While I'm on the subject of baseball and the Little League park in general, I have good news for all of you women. Finally, the lights which illuminate the playing field, mostly blinding the players, are going to be fixed or replaced.

Glades Youth Baseball, with Johnny Schlechter in charge, is going to backing up the whole deal. It's costing \$1800 to replace them and Schlechter said they are accepting donations from anyone interested in helping the leagues out.

The Men's Softball League is donating a couple of hundred dollars and the Women's Softball League is trying to help out there's still a lot more to be needed, so start working on your neighbors to help. After all, baseball and softball are active community sports and it does help to keep kids off the streets.

Approximately 85 Glades Central High School students turned out Monday for the first day of Spring football drills as head coach Al Werneke started work on the 1974 Raiders.

Werneke put the potential varsity players to work in basic drills after they had taken a lap around the field and formed into groups made up of defensive backs, offensive backs and linemen.

Athletic Director Paul Dee, watching the first drill, said he was satisfied with the turnout, commenting that it appears the 1974 Raiders will have more depth at guard and tackle last year, along with more experience.

He said he had just that morning completed working out the 1974 football schedule. "I don't think we have a weak point on the schedule," Dee said. He said the Raiders will host six games plus a pre-season jamboree.

"Put that together with the Pahokee game, which will be played up there," he said, "and that's seven games and a jamboree within close reach."

The jamboree will take place Sept. 6 and will include the

Raiders, Martin County, John I. Leonard and Pahokee. Each of the four teams will play two of the other schools in four quarters of football.

### Lawn Mower Safety

Now that Spring is here and the grass is greening up in the lawns in Florida, The Florida Turf-Grass Association would like to remind you of some safety measures to take when mowing your lawn.

Each year an estimated 60,500 power-mower injuries are serious enough to require emergency room care in a hospital.

Most of the accidents are caused by rotary mowers either from direct contact with the blades or being struck by objects flung from the discharge chute at high speed.

To avoid injury to yourself and your family, follow these recommendations:

Always turn off the mower before trying to remove clogged grass or other debris from the discharge chute.

Disconnect the spark-plug before doing any maintenance or repairs.

Rake the yard before mowing to get rid of stones, pieces of wire or other objects that could become deadly projectiles.

Be sure that children and other bystanders are well out of the way.

Wear safety glasses and sturdy shoes.

Safety guards and shields should never be taken off the mower.

Never stand in a direct line with the discharge chute when starting up.

Do not refuel when the mower is running or hot. Do not leave a mower unattended when it is running, or tip or lift a running mower.

Children should not be permitted to run a power mower, and inexperienced operators should be supervised carefully.

**Do you tow a camper?**

Those campers most in doubt about insurance needs are the ones who own travel trailers or camping trailers which are towed by an auto. And the question most often asked is: Does my auto and homeowners policy apply to my recreational vehicle? In both cases there is one answer - limited.

Under most homeowners policies, a camping trailer is insured against theft up to a limit of \$500. However, there is no coverage when it's off the policyholder's premises.

Auto policies offer some protection, but again it is limited and varies with the policy. Some offer automatic but limited coverage for trailers if they are acquired during the policy period. Other policies do not. And in some policies, a trailer is covered only if it is specifically described in the policy. To be safe, check with your agent.

## GDS In Regional Playoff

The Glades Day School Gators will travel to Loyola High School in Miami.

The Glades Day School Gators will travel to Miami Friday to play Loyola for the Region IV Class A baseball championship, following their

shutout of St. Edwards last week.

The Gators whipped St. Edwards 9-0 to build the team record to 16 wins and eight losses.

Coach Tom King said the Gators would take the field against Loyola at 3:30 p.m.

Friday and urged supporters against Pahokee, who won 2-1 to go along for the game, and to Bishop Verot, 2-3.

He said he would again be using Freddie Rodriguez as the pitcher. Rodriguez, he said has Greg Kianjao, the center fielder who has kept up a racking up his seven wins and batting average of .324 for his two losses, losing both his 24 games, has scored 22 runs, defeats by a total of two driven in 21 more and stolen 23 points.

King said Rodriguez, who pitched the shutout against St. Andrews, has fanned out a total of 54 batters during the season, has walked five players and given up 37 hits and nine runs. His two losses were Bill Dupere with a .292.

## No-Hitter Pitched

Kenneth Throop of Christian Day School pitched a no-hitter in Fort Lauderdale last week to carry the Crusaders to a 7-0 win over Fort Lauderdale Christian in District 7 Class A tournament play.

Throop allowed only four runners to reach first, all on walks and struck out 13 Fort

Lauderdale batters in what Crusader Coach Ken Lassiter call the team's best effort for the year and Throop's third win.

The first seven Crusaders who stepped up to home plate scored a run each.

Shortstop David Conway had a perfect three runs for his three times at bat, including a triple to drive in one run. First baseman, Rick Rushing made an extra effort in the fifth inning by pushing in a two-run homer.

## Apaloosa Show Set

A newly formed Seminole Apaloosa Club will hold an Apaloosa Horse Show beginning at 9:30 a.m. Saturday in the Indian town Borden Bowl in Indian town.

The show, organized by the newly formed group with a membership ranging from Fort Pierce to Pahokee, will feature competition in 25 events.

Club vice president, Ted Keys, who will act as ringmaster at the show, said the club is looking for new members and said any owner of a registered Apaloosa could enter his animal, adding there are no rules against age or sex of owners.

## Neese Completes

### Basic Training

Airman Jerry A. Neese, son of Mr. and Mrs. Delbert Neese of 500 Orange Ave in Belle Glade, has completed Air Force basic training at Lackland AFB, Tex.

During his six weeks training, he studied the Air Force mission organization and customs and received special instruction in human relations. The airman is remaining at the Air Training Command base for specialized training in the security police field. Airman Neese attended Glades Central High School.

### Check Presented

Julian Field (left) and Walker Shields, board members of Palm Beach County Community Foundation, presents Wee Care Board of Directors Chairman Mrs. R.V. Allison a check for \$2,500 during a recent visit to the child care facility here. The foundation was formed to provide grants to county

charities and Wee Care received the tenth such grant made according to Mrs. Allison. The volunteer foundation's grant came during the middle of the center's present annual fund-raising drive. Wee Care is attempting to raise some \$26,000.

### The Parson Pontificates

Next Sunday is Mother's Day! They deserve a day of recognition. The only requirement, though, for a woman being honored on Mother's Day is that she has given birth to a child. Which is not, of itself, necessarily a noble accomplishment. (Or wasn't, at least, until abortion became acceptable in this society.) Let's nominate for special consideration those mothers who have really been mother, who have taught their children morality, faith, reverence, respect, cleanliness, truthfulness, and honesty, and who have made some sacrifices to bring their children up to be good citizens and a credit to the human race! Let's honor the mother who is willing to forgo some of the questionable habits of our society in order to set a good example for her children. And here is a special tribute to the mother who takes her family to Sunday School and Church. May God bless the real mothers!

(See Proverbs 31)

### Dead If

### Not Forgotten

**EDITOR'S NOTE:** In response to a story the Belle Glade Herald carried in the April 25 issue, Evangelist Don Gentes submitted the following letter printed in the May 5 edition of Christian Standard, a magazine printed in Cincinnati, O.J. They Died Long Ago! Church papers being what they are—representatives of our churches—they should engage in accurate reporting. A good rule of thumb in reading these weekly epistles from the "house of the Lord" is "don't believe a word they say on political matters." Allow one preacher to write an article on social action in political matters and church papers from East to West will keep the "rumor mill" going for months.

A recent case in point is the article on House Bill HR 15230 and Senate Bill S 3657, which were introduced in May of 1972 for the purpose of reviewing "virtually all Code provisions giving any special exclusion or deduction or special tax rate to any particular type of group or category of income." The specific concern of the article was the elimination of church contributions and parsonage allowances—truly a cause for concern.

A little checking revealed that these house bills died upon adjournment of the 92nd Congress—1972 (See Federal Tax Legislative Status, 1971-1972, dated 11-10-72, Commerce Clearing House). May this current rumor die a quick death and may such legislation never enjoy a resurrection.

John Mills, Chicago, Ill.

## Money Fair Set

A "Money Go-Round Missions Fair" will be held at Hi-Haven Baptist Church on SR720 just north of Clewiston at 8 p.m. May 16 according to Big Lake Baptist Association Woman's Missionary Union Director Mrs. E. Kenneth Bryan.

Mrs. Bryan said the fair will coincide with the Big Lake Baptist Association's W.M.U.'s quarterly meeting at 7 p.m. that evening.

The fair will include a midway, movies, food, games, fun and prizes according to Mrs. Bryan.

Any bill shall not be returned by the President within ten days (Sundays excepted) . . . the same shall be a law. (Article I, Section 7 of the Constitution)

They were conscientious and astute men—those architects of the Constitution. They wanted to be sure the President could never halt the processes of democratic government by delaying legislation.

And the phrase "Sundays excepted" shows that our Founding Fathers also respected Sunday as the day of the Lord.

To them, it seemed natural to safeguard their freedom and profess their faith all in one sentence.

The document they produced has weathered two hundred years—their faith almost two thousand. Both their Constitution and their creed—the Christian faith—are just as vibrant and important today.

Make Sundays an exception to your daily routine—Go to Church!

# MOTHER

A Mother's love is something  
that no one can explain,  
It is made of deep devotion  
and of sacrifice and pain,  
It is endless and unselfish  
and enduring come what may  
For nothing can destroy it  
or take that love away...

It is patient and forgiving  
when all others are forsaking,  
And it never fails or falters  
even though the heart is breaking...  
It believes beyond believing  
when the world around condemns,  
And it glows with all the beauty  
of the rarest, brightest gems...

It is far beyond defining,  
it defies all explanation,  
And it still remains a secret  
like the mysteries of creation...  
A many splendored miracle  
men cannot understand  
And another wondrous evidence  
of God's tender guiding hand.

"VOICE OF THE GLADES"

2C. The Belle Glade Herald, May 9, 1974

Dear Sir:

I think my mother should be Mother of the year because she gets me lots of clothes and nice things to wear and she fixes good things to eat when I fall she helps me up. One time I was riding my bike and I hit a hole and my bike flipped over my mother took me to the doctor. My mother is a teacher she doesn't teach now but when she did teach all the children liked her very much she can play a piano and do a lots of other on joyable things.

Yours truly,  
Jody Marshall May

Why my Mother should be mother of the year.

Because I love her very much and to me she is the mother of the year she is a nice mother to me and my sister and brother. She does what is right for us. She is just like us, plays too much. She lets us go on a trip if she like to know what happen on the trip. I love my mother for everything she does, even if it is good or bad. She gives a good meal everyday to make us grow.

Josita Cruz

Why my mother should be mother of the year because she is very attractive, and she is a nice and she is a good mother to me because when she gets her check she buys my brother, sisters and me something. When she has time she takes us to the store. But we dont have much money because my dad has a bad heart and he cant work hard, but my mother can work and she helps our family by getting food and getting us clothing to ware. My mother's job is not much but she works hard for just a little money. My mother's job is cleaning houses, but she takes what money she has and buy our food. My mother is not afraid of anyone she is very brave. One time this lated wanted my sister and I to get in her car, but my mon yelled for us and we came home. This is why I think my mom should be mother of the year.

Lucinda Cullum

Dear Sir:

I think my mother should be mother of the year because she do house wrok she buy me clothes when I need it my mother no when. She buy me thing when I was sich my mother how to git up into the middle of the night My mother is very nice to me my mother like to look at Pres. Nixon on TV and when she somehome and she wrok hose too.

Dorethy Seymore

My Mother is a very nice person, she tries to do her best while the family she has around her. Anytime our school or class is going on a trip she always try to send me. Mothers are very important to their children but not as much as my Mother. My Mother never dislike no one. She works hard at the Hospital that she hardly have time to go to church. Kids would be very lucky to have a mother like mine. I guess not every child has a mother so they don't know the love some Mothers can give. I know most Mothers tries to feed and clothes her family you can count on my mother, even if my mother isn't chosen as mother of the year. I can say she tried.

Harold Peterson

Dear Sir:

I think my mother should be mother of the year because my mother will do anything to save me and my mother will give me things and she loves me and i love her and i like her because she give me a dime every day and thats why I think my mother should be mother of the year.

William Bland

Dear Sir:

I think my mother should be mother of the year because she buys me some pants and socks and a vest she gives some money to go to the circus and me some money to pay for lunch and she buy me and my brother some toys and a dart game. And she bug me a coal pep. And when she wants me to be something I will do it.

Yours truly,  
Tracy J. Lampkins

I think my mother should be mother of the year. She washes my pants and shirts everyday. She also buys clothes for me, for my sisters, and for my little baby brother. My mother gives me money to go to the store. Sometimes we go to my grandmother's house and I go the store to buy ice cream. My mother gives things to poor people. She sent money to the poor people about \$20. \$10. \$5. I Love her very much.

Ray Ramirez

Dear Sir:

I think my mother should be mother of the year because she is nice to me and buy me dolls and a set of dishes and buy me candy and sometimes I be sick and she carry me to the doctor wond I be sick and she buy me all kind of clothes and be nice to every body.

Yours Truly,  
Fabian Johnson

Dear Sir:

I think my mother should be mother of the year because she is sweet and she helps other people and she like the be with other people I like my mother. She buys me colthers to wear. She sits with other people and talk. She carry me to the Doctor when I am ill. She buy me sock and shoe. Make me hair.

Johnny L. Clark

Dear Sir:

Why my mother should be Mother of the year.

My mother should be mother of the year because she is so understanding and always ready to listen. My mother loves children, she hates to see children or animals hurt. She will always tell you right from wrong. She is known all over South Bay. She has one leg but is still known for her kindness. She treats all children like her very own. She's my grandmother but to me, she's my life.

Mothers come in all sizes and colors. But all have one great thing in common—an unlimited supply of love. Mom's the smile of reassurance...the shoulder to cry on. She's the pat on the back...the best friend a person could have. She's so much to so many and she's yours. Wow her on her special day and all year through with little kindnesses and praise.

My mother work in the celery field. She helps me get ready for school. She My Mother bring me to school. My Mother cooks for me and her. My Mother drives a red car. She by me clothes and thing. I like my mother very much. Mother takes me to church. Mother takes me to the show. Mother takes me to hand practice. Mother takes me to usher practice.

James Brown

I think My Mother of the Year because she helps other people. She helps people to cross the road. She helps hand-capped children to go to school. She helps the people in the hospital. She pick people up from town if she know them.

Kerrica

Hicks

Why My Mother Should be Mother of the Year. I think that my mother don't care about helping others people. My mother helps me get ready for school. She helps old people cross the street. Like yesterday when a lady's house caught on fire my mother got some water and put some of the fire out before the fire men came.

Bernard Williamson

I think My Mother of the Year because she helps other people. She helps people to cross the road. She helps hand-capped children to go to school. She helps the people in the hospital. She picks people up from town if she knows them.

Kerrica

My mother is mother of the year because she buys me clothes and shoes. She is sweet. She cooks and makes up my bed. She does the same thing for my whole family. She bought me a green Easter suit and some pretty shoes. She is a dispatcher for the South Bay Police Department. Do you now what that is? She calls the policemen when something is wrong. She is twenty-eight. She has two sister and three brothers. One of her sisters died and that's why she has two sister. She is one of the best mothers of the year. My mother is Mother of the year to me.

Michael Jackson

Why my Mother should be Mother of the year.

I think so because my Mother is very nice but so are all other Mothers. But my mother isn't just a mother she's a friend who I am in need. Sometimes when she gives me the unexpected I say she can't stand me but she tells me she still loves me. Just like any kid would say for its mother she's the very best of all.

by Pat Johnson  
my Mothers name is

Why my mother should be Mother of the Year. Because she is a great mother she buys me things and helps me with things. She punishes me when I need it, she has two jobs. She works all the time. I love my mother and this is why she should be Mother of the Year.

Phyllis Butler

Why my mother should be the mother of the year. Cause she cooks. She fixes my clothes for me. She buys me things. She does alot. I love her very much. I am glad I have her for my mother.

Why My Mother should be the Mother of the Year

My mother helps people and she give people food. She gives dogs food too. She goes to church and she gives other people money too. She helps me to get well. She is a nice mother and I think my mother should be Mother of the Year.

Nora

My mother is good to all of the four boys and girls in our family. I should think that she deserves a nice reward for working for us. She helps people cut their celery. She sells comes hom from she lets me and my sister go to the ball park. She lets us go swimming and we go to visit grandmother and grandfather.

Brenda Sneed

I think that my mother should be Mother of the Year because she works to help the family to live. She also works in the hospital to help other people to live, too. She works to help us get clothes to wear and food to eat that we may live. She helps us to go to church and worship God's Word in Heaven.

God Bless you, too.

Marlene Peterson

I think my mother should be Mother of the Year because she helps me to get dressed and learn to read and write. My mother helps other children too. She is a teacher at South Bay Child Development Center in South Bay, Florida.

Timothy Abrams

I think my mother should win because she's good to me. She helps me with my work.

My mother knows what's good for me. My mother is good to me. I love my Mother.

Willie C. Hawk

I think my mother should be the mother of the year because she cooks for me. She gives me money when I want it. She buys good toys and clothes for me. She takes me to school. She asks me to go with her where ever she goes. She cares about me. She takes care of me. She buys me school paper and pencils. She is nice to people. She thinks that people should love each other.

Why my mother should be Mother of the year is because she is a nice mother, and she is good to me. I love my mother and father, she washes my clothes and feeds me. I know they love me, they taught me how to walk, and if they were not there with me I would not be here now. Every body needs there mother and father. I have two sisters and one brother there names are Sandy, Shelley, and Steve they all love there mothers and fathers. I hope my mother will be the mother of the year. Thank you!

Stacy Goodbread  
My mothers name is Rose Lee Goodbread. Because she is nice she buys us candy, and icecream, she takes us to the beach, to movies and shopping, swing and park and when we want to go to the time-Saver. And every time she buys candy some times we dont ask for party's and spruise footballs and ball and ball and dolls and shoes and coats.

Timothy Randle McMullen

My mother should be mother of the year because she has understanding, feelings for others, and is very fun to play with. She knows when a person has a problem and tries to help you out with it. My mother wants to punish you if you do things wrong so you won't do it again. That's why she should be mother of the year.

Chris Harrell

My mother should be mother of the year because she is a very good mother she cook dinner of us and she wash the clothe for us, she take's care of us, she tell's us what is wrong and what is right, she go shopping she buy our cloths and she love's us very much, and I know everybody love her or his mother, she buy everything we want. I know she is a good mother I wish my mother Elisa Garcia a very Happy Mother's Day.

Domitilla Garcia

I think my mother should be "Mother of the year" because she is nice and kind and sweet. And she is a wonderful person. And she knows what to do in a accident. Will you please let my mother be mother of the year.

Butler Brown

When I Need My Mother she's there to show me the way. She has a glow of happiness About her that tells me every things going to be fine. My Mothers firm. She loves me. We pray together and she forgives me just like Jesus. And that Makes her special

Jimmy Usher Jr.

When I need my mom shes there. And Jesus says love and honor her and I do.

Shawn Dykes

I think my mother should be mother of the year because she's the best mother anyone could ever have. Even when we are bad, she punishes us because we deserve it. Then she tells us she loves us. She takes care of us when we are sick, feeds us when we are hungry, and helps us with our homework. Mommy has 8 of us kids and we all get treated the same. No one gets treated better than the others. Mommy can't give us all we want but she always does her best. Even though Daddy isn't living with us, Mommy steps in to take his place. Ask any of us if our Mommy isn't the best and all you will hear is Yes.

I like Mother she cooks for Me. I love her very much and want her to be Mother of the Year.

My mother takes me to town and gets me clothes for school and church. My mother is a very nice christain. My mother cooks us food to eat and gives us money. One night I was sick and the next morning and my and my mother got me some nyquil to take and I got better. My mother goes to Sunday School every Sunday with me she want let me out side unless she is home. And she whips me and makes me mind. My mother helps other people to. My mother helps me more than any one. My mother works at a supper market and when she works she has a smile on her face. At times she works more than the men do there she does so many nice things I could never name them all but I do believe she should be mother of the year.
